They have large orders being filled in the East, of the latest designs in bed-room suits, parlor sets, etc. etc. They expect to commence business about April 15th, in the large three-story building next to the Pico House.

CANNY SCOTCHMEN.

A "Times" Reporter Displays His Knowledge of Geography.

Yesterday a TIMES reporter bought two Scotch gentlemen at the Cosmopolitan for an interview, thinking that they might emit a few sparks of knowledge knocked out of the hard flint of their travels. After the preliminaries of introduction, and having announced his mission, the reporter was forestalled by a first-fire from the other side, "What is the TIMES?"

Reporter—A newspaper, sir, only a little less in size and circulation than the London Times.

Scotchman—Well, what is the London Times?

Rep—Oh, a small paper, a little larger than a pocket handkerchief, printed on the Arroyo Tassoe, in England.

Scotch—Where is England?

Rep—It is a little barren rock full of relics and sunflowers next door to China.

Scotch—Where is China?

Rep—Down at the end of Los Angeles street.

Scotch—Well, we've got nothing to do with the newspapers, and shall say nothing through them.

Rep—Is that the way you do at home?

Scotch—Well, never mind how we do there.

Rep—Are there any more in your party?

Scotch—What's a party?

Rep—You are not tramping around the world, are you?

Scotch—Who sent you here?

Rep—My Chief; but how long have you been on the road?

Scotch—I not your Chief at Riverside.

Rep—How did you like the citrus fair?

Scotch—Well, I must excuse you.

Rep—Ta, ta, crystalized saccharine, fare thee well.

A magnificent line of samples has already been placed on exhibition. This is one of the many straws showing the gradual change that is taking place in the commercial position of Los Angeles.

Thos. B. Gibson, formerly foreman with Messrs. Bothine, Dallame & Co., wholesale coffee and spice mills of San Francisco, arrived yesterday morning, and will shortly accept a similar position in connection with one of the same firms here, expecting to commence business in a few days.

COURT NOTES.

People vs. Shorb—The trial was resumed this morning and the following witnesses were examined for the prosecution: Mr. Francis Schlabler (re-called), Maria Jaquay, John Horner, Dr. J. T. Lamon, Sarah J. Stearns, H. B. Lathrop, Barbara Massey, H. S. Crane and Chas. Mullen. The prosecution here rested, and took a recess till half-past seven o'clock last evening.

Ayers vs. Ayers—The defendant, Mrs. Ayers, was allowed ten days further time to answer.

SETTINGS.

Estate of Kellogg, McFadden vs. Irvine, estate of E. Wood, are all set for next Monday before Judge Howard.

The demurrer in the Fluhr suit is overruled, and ten days allowed to answer.

Horner vs. Torr—The motion to dissolve the injunction was set for next Monday at 9:30 A. M., and notice is to be served on the plaintiff. The Court Commissioners were ordered to proceed immediately with the hearing of the case, and proceed till it ended.

Dewey vs. Meincer—The motion to retax costs was taken under consideration.

Roberts vs. Los Angeles Oil Company—This case is continued by consent till Monday, May 1st, at 10 A. M.

Estate of Charles Flanagan, deceased—The petition for letters of administration was filed, and Monday, April 10th, was fixed by the Clerk of the Court for hearing and notices were posted.

Next Monday the following cases will come up: Brown vs. C. P. R. R., Peoples vs. Medina, People vs. Verlarque.

The case was resumed at the appointed hour. The court room was well filled with an interested audience. Mrs. MacGregor, Mrs. McIntyre, and Dr. Cochran were examined for the defence. The points of their testimony have already been published in the TIMES. The court adjourned at half-past nine o'clock P. M. The case will probably go to the jury some time during the day.

THE MURDERED WOMAN.

The Autopsy Last Night Reveals but Little.

Yesterday afternoon Coroner Nadeau called a jury to inquire into the cause of the death of the Indian woman, Pulqueria Arelles. The following were the jury: E. A. Decamp, J. McClellan, J. F. Richardson, Joseph Le Moane, Thomas J. Bedford, and J. Boston. Father Doyle gave his testimony, which seemed to throw considerable light as to the perpetrators of the deed. The jury then adjourned till to-day at 10 A. M. Last night Dr. Walter Lindly made a post mortem examination. No ribs were found broken, as had been reported, nor were there any outward signs of violence. The heart, lungs and kidneys were all found to be in good condition. It was ascertained that her death was caused by inflammation of the peritoneum, which is a thin, smooth, serous membrane investing the whole internal surface of the abdomen. The cause of this inflammation may have been violence. That is all the autopsy revealed. The jury will meet this morning and hear evidence in every particular, except as to the supposed breaking of three ribs. The examination found them uninjured.

Compton Farming.

Mr. John Taylor, of Compton, has just finished putting in forty acres of alfalfa in addition to the thirty acres which he already had. His brother, adjoining him, Mr. James Taylor, also has about sixty acres in the same crop, forty acres of which he has just finished putting in. They were both in the business in a wholesale way, purchasing a ton of seed in one lot. Another season and these two gentlemen will be in condition to save the country from the effect of a drouth. Mr. Taylor's corp stands, which he stocked less than a year ago, are now swarming with myriads of young fish, many of which have attained to a weight of above three pounds. He will soon be able to supply the markets with an excellent food fish.

The Meeting at Tulare Hall To-night

Manufacturers, capitalists, business men and all others interested in this worthy enterprise, are urgently requested to be present at the adjourned meeting, and 7 o'clock this evening. The axiom "whatever is worth doing, is worth doing well," could not be better exemplified than in this movement, and every citizen interested in the welfare of Los Angeles should not fail to be present and assist in the organization of a society for the promotion of manufactures that will, if properly started, contribute materially to the upbuilding of the city. All classes are invited to attend and take an active part in the proceedings.

Police Pickings.

Jane Doe was fined nine dollas for disorderly conduct.

Timothy Collins has gone to join the chain gang for twelve days.

The Stanton gang, for cleaning out the Harmony saloon near the depot Tuesday night, have enlisted in the chain gang battalion for twenty-five days.

IMPOSING ON INNOCENCE.

The Ghostly Joke Fiend will Bad Breakers Ahead.

It appears that another imposition has been practiced upon the newspapers of this city. A notice appeared a week or so since, of the purported marriage of Mr. John Nickerson and Miss Lillie Bullis, of Compton. From what source it came cannot be ascertained, but that it came in what is always considered a legitimate way there can be no doubt. Mr. and Mrs. Bullis, parents of the young lady in question, called at this office and stated that there was not a word of truth in the report, and they are anxious to know who was malicious enough to make up the statement. This thing of hoaxing the newspapers is becoming entirely too common and will bring some one into trouble if it is persisted in. There have been three such cases within a few weeks, and it seems to be a joke. First was a birth notice, for which there was no foundation; and now comes the marriage hoax noted above. If the names of any of these malicious jokers can be procured the TIMES will give them a little gratuitous notoriety.

Lovely AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors, and by its use faded hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brakly, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts.

AYER'S HAIR VIGOR is colorless, contains neither oil nor other dye, and will not soil or color white' cambric; yet it lasts long on the hair, and keeps it fresh and vigorous, imparting an agreeable perfume.

For sale by all druggists.
