

THE ESTEE BOOM.

Good Reports From Every Section.

ALL IN FINANCIAL CHAOS.

Democrats Have Many Unpaid Accounts.

SECRETARY'S BILLS DISHONORED.

Nominees at Union Hall Protest Against the Proposed Seventy-Five Per Cent Levy.

Most encouraging reports are received by the Republican State Central Committee from all sections of the State. These in charge at headquarters declare that indications point to a clean sweep of the State by one of the largest Republican majorities given in California. In the southern counties it is claimed that the majority will be like that recently rallied up in Maine and Vermont—unprecedented. From the San Joaquin Valley counties come equally encouraging reports. The nation at large is in a state of financial chaos among the Democratic municipal candidates. After two meetings of the campaign and auditing committees to decide the size of the political tax which will be levied to fund for campaign purposes, it has been found necessary to call a third meeting, which will be held at the headquarters of the State Central Committee to-night.

AGAINST BURNS.

Strong Trots Made to Bossism at a Republican Club.

There was a lively set-to among the Republicans in the Thirty-eighth District last evening. Harmony was an unknown quantity. The trouble, as usual, was caused by the boss. He has been trying through his faithful ones to get the endorsement of the entire ticket from top to bottom. The club has an enrolled membership of over 300 voters, and they were all in force to see the fun.

A YOUNG CRIMINAL.

William Carey Caught in the Act of Tilt-Tapping.

Three boys entered the candy-store of H. Pfenninger & Co. 127 Market street, last night. One of them slipped behind the counter and was in the act of pulling out the till when young Pfenninger caught him and held him until Policeman Clifford arrived. The other two escaped.

AFTER THIRTEEN YEARS.

Auditor Broderick Served With a Mandate to Pay an Old Bill.

In 1881, when Kallech was Mayor, George F. Sharp was employed as attorney in a suit of the city against Elizabeth Douglas and David Calderwood to recover possession of city slip No. 43. The litigation was protracted for some time, the city's bill for \$200 was filed and approved by the Supervisors. Then Auditor Brickwedel refused to pay the amount for lack of a proper appropriation.

PERSONAL NOTES.

THE PEOPLE'S PARTY.

Two Mass-Meetings Were Held Last Evening.

There were two meetings held last evening under the auspices of the People's party. One was at Academy Hall on Mission street, and the other was at Garibaldi Hall, on Broadway, near Kearny street. Suit Against J. H. Long.

James H. Long, the attorney, was named as defendant in a suit to recover for goods delivered by Hammersmith & Field. It is alleged that Long got a quantity of jewelry that a friend wanted to buy, but did not, and that he failed to return some of it; also that he owed for other goods. The firm only determined to sue since the attorney made a default some time ago that he owned \$12,000 worth of Sprink Valley Water stock.

Three Leading Scientists Proclaim the Superior Value of Dr. Price's Baking Powder.

Scientists are devoting closer attention to food products. Recent examinations of baking powders by Prof. Long, Dr. Haines, and Prof. Prescott, were made to determine which powder was the purest, highest in leavening strength, most efficient in service, and most economical in cost. They decide that Dr. Price's Cream Baking Powder excels in all the essentials of an ideal preparation for household use. They write:—

"Chicago, March 28th, 1894. We have purchased in the open market cans of Dr. Price's Cream Baking Powder and also of the other leading brands of baking powders, and have submitted them to chemical analysis. We find that Dr. Price's Cream Baking Powder is a pure cream of tartar powder, that is has a considerably greater leavening strength than any of the other baking powders we have ever tested.

AN OLD CALIFORNIAN.

Speaks With Much Enthusiasm of the Specialty Treatment of Drs. Copeland, Winn and Neal. C. C. Richard, a popular resident of Arcata, Humboldt County, says:

"I have had a thorough experience of what is known as the Copeland specialty system of the home or mail treatment. I think it would be very hard to praise it too highly. It is very inexpensive, costing but a mere trifle compared with the best of the best system of treatment now known.

HOME TREATMENT.

Every mail brings additional proof of the success of the home or mail treatment. F. M. Melton, Rhine, Cal., writes: "I am cured of a chronic catarrh of the head, throat and stomach which I never expected to be cured. You can publish my statement to that effect, as I want to do all that I possibly can to get others to try your treatment, as I know it will cure them."

\$5 A MONTH.

The Folly of Paying More for Treatment and Medicines.

There is No Better Medical Service Than That Given by the Copeland Medical Institute.

The best medical service in this season of "hard times" should not cost more than \$5 a month.

There is no stand that Drs. Copeland, Winn and Neal take. This is the guarantee that they throw down to their confidants in the profession.

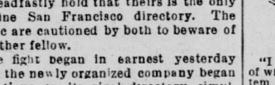

The physician who charges more than that amount as his monthly fee does so because his practice is so limited that he is obliged to, or because he feels that he is able to bamboozle his patients to swell his receipts.

There is no better medical service than Drs. Copeland, Winn and Neal give in their specialties. Their system of medicine rests in fact, their established situation proclaims it, their testimonials emphasize it.

Five dollars a month is the only charge for treatment and medicines. If you pay more you are simply giving away all over and above that amount.
