Caution to the Unfortunate.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogussworn-to-certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly papers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco City Directory and you will not find these Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1562 and 1863. The only way to avoid imposition is to make inquiry—it will cost you nothing and you may save many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. DR. GIBBON does not decleive people by exhibiting bogus titles, certificates, pretended people by exhibiting bogus titles, certificates, pretended patients' letters, etc. DR.
