A Ride to Uncle Tom's Cabin. On Thanksgiving day the Young America 'bus left the Russ House to gather a crowd of pleasure-seekers for a day's sport at Uncle Tom's Cabin, which they reached about 1:30 o'clock. While the boys played football and other games their young lady friends set the table under the tall trees which surround the grounds.

After finishing their Thanksgiving dinner they concluded to play base-ball, and the best players were young ladies. After tiring of base-ball they concluded to dance and swing, which was enjoyed by all. The bus being too small for all, some followed in private vehicles and others on bicycles. As night grew on and the crowd began to get tired, they left about 6 o'clock, arriving home at 9:30 in the evening, all being more than satisfied with their day's outing Following are those who enjoyed the ride:

JESSUP ESTATE.

Administrator James Gilleran Suspended.

He Is Accused of Making Improper Uses of the Funds-Money Loaned to an Alleged Insolvent Attorney.

Judge Coffey of the Probate Department has suspended the powers of James Gilleran as administrator of the estate of Ger shom P. Jessup.

This action was taken by the Court because it was shown from credible information that James Gilleran, administrator of the estate, to whom letters of administration were issued on the 8th day of May, 1889. which letters continue in full force and effect and unrevoked, and who, ever since said time, has been and now is in full possession and control of the assets and property of said estate, has wasted and squandered and, without authority of law, disposed of sums of meney belonging to the said estate, and has not filed proper accounts of his administration showing the moneys received and disbursed by him.

"And that said Gilleran has used moneys of the said estate to his own advantage and in the assistance of Richard Page Jessup in his contest for the said estate, and that he still continues so to do, to the injury and wasting of said estate, all as more fully appears by the petition of Isaac Jessup, filed herein this day, praying for the removal of said administrator." said administraor. claims to have received from Kowalsky an assignment of his (Kowalsky's) interest in the estate should Richard P. Jessup eventually be successful, which interest is 40 per cent of the amount to be recovered. The petitioner claims that this interest is of no value.

That said inderser, H. R. Kowalsky, is also one of said administrator's hondsmen, as is one of said administrator's bondsmen, a also another brother of H. I. Kowalsky. The petitioner accuses Gilleran of having supported the claimant, and those assisting him in his contest, and of having interested himself in securing legislation, which it was believed would be favorable to the alleged heir, and is now keeping the claimant and his witnesses at the Windsor Hotel, kept by Gilleran, relying for his compensation on the claimant's winning his contest.

Jessup further charged Gilleran with hav-ing paid for the legal services employed by the claimant out of the funds of the estate,

INTEREST NOT CHARGED. INTEREST NOT CHARGED.

Your petitioner is informed that the administrator has used, or permitted to be used, the moneys of the estate in the employment of detectives and their maintenance in the prosecution of the claim of Richard Page Jessup. Your petitioner is informed and believes and therefore avers the fact to be that the sald administrator, in his accounts rendered and filed, has not charged himself with all of the interest earned by the moneys of said estate, for if he has, he has then retained large sums of money has, he has then retained large sums of money belonging to said estate in his possession, which, if deposited in the savings bank, where they should have been, would have drawn a large amount of interest, as the pronthly receipts of said estate from rents have always been more than sufficient to pay all expenses of administration and of repairs.

The order to the administrator to show cause why he should not be removed is made returnable on Friday. Colonel Kowalsky resents the allegation of the petition that he is "hopelessly insolvent," and even asserts that his financial condition will permit of his "purchasing the petitioner three times over."

TROTTING BREEDERS.

Annual Meeting of the Association. Officers Elected. No quorum was had last night at the annual meeting of the Pacific Coast Trottinghorse Breeders' Association, at 313 Bush street. Those of the members present, however, resolved to hold an informal meeting, and to transact certain business such as electing officers, accepting resignations and reports, despite the absence of the required number of attending members. The resigna-tion of Frank L. Coombs from the position of President was accepted and Joseph Cairn Simpson elected to fill the place. The present Board of Directors was held over. The Secretary's report was read, showing the association to be in a most flourishing condition, and the sum of \$652 to the credit of the association paid over to the Treasurer, N. T. Smith. A meeting of the Directors was ordered called for the second Monday in January, when the business affairs of the association will be considered in detail.

Members of the Pacific Yachting Club are most assuredly lucky fellows. with the outcome of the Hanlan and Mc-Lean boat-race and, judging from the manner in which they now speak of the once great oarsman, it is safe to presume that "open house" has been closed to Sculler Ned in this city. There are few people, indeed, who will be found to support Hanlan in his very thin excuse that, "owing to poor form he broke down completely after having almost gained, the handienn had ing almost gained the handicap he gave his opponent." This is unquestionably a very weak defense, as Hanlan had ample time to get into condition, but instead of exercising, as any carsman would who intended to make a fight for the stake money or whatever might be at issue, the ex-champion enjoyed himself about town, and rumor has accused the Canadian of being the man who induced the big slog-ger. Suffivan, to partake of "just one little ger, Suffivan, to partake of "just one little smile for luck"; and John L.'s little smile grew rapidly into an almost insane laugh.

Speaking of Sunday's race an oarsman
said last evening that McLean covered the distance in 22 minutes and 40 seconds and Hanlan in 22 minutes and 57 seconds. When Hanlan beat McLean in skiffs at Vancouver, the latter had fen yards start, and was de-feated by more than 100 yards, with Han-

lan rowing comparatively easy at the finish. SUFFICIENT PROOF. This illustration will be sufficient in its-self to prove that if Hanlan desired to win on Sunday he could have done so. Lack of condition is, of all, about the poorest ex-cuse any defeated man could advance to gain public sympathy. Peterson defeated McLean at New Westminster in skiffs in 20 minutes 28 seconds. Does it look feasible that Peterson could defeat Hanlan in the same kind of craft and allow him (Hanlan) a start of 2 minutes 29 seconds?

Muirhead, Peterson's backer, could not advance any reason for the peculiar defeat of Hanlan by McLean. He stated last evening that there must have been a screw loose somewhere. In reference to the proposed match between Hanlan and Peterson, Muirhead said that he was willing to back Peterson to row the Canadian a three-mile race in skiffs or shells for \$1000 a side, the race to take place in February.

Hanlan will take passage for the southern country in a few days. He has been offered good inducements by the manager of a hotel, in San Diego County, to row an exhibition dash for the pleasure and enjoy-

ment of the hotel guests. SULLIVAN. John L. Sullivan visited the Cliff House on Sunday and enjoyed himself in thorough mon and the other varieties. championship style, with some close con panions, within hearing distance of the sea-lions. When Sullivan left the premises the "bar" was breaking heavily, and the prince of sloggers was carted to his resi-dence in this city feeling as if he could whip the biggest lion that ever swam in the waters of the Pacific. Yesterday he took his departure for Los Angeles, where he will remain a few days under engagement to appear in his favorite master piece, "The Blacksmith." Next week he will again ap-

pear in this city in a new play entitled "Three Weeks on a Sober Tack."

Jack Karkeek, the well-known wrestler, arrived yesterday from Chicago and left after remaining a few hours in this city for Stockton. Pastry Without Butter.

Light, flaky and digestible pie crust and all kinds of fine pastry can be made with Dr. Price's Cream Baking Powder without butter or with one half the usual portion, if preferred, or with a small quantity of lard or other shortening as desired. Pie crust made in this way is more wholesome and digestible besides being more economical and easier prepared in addition to saving all the butter if desired. Onethird the flour is also dispensed with, and the crust is rolled that much thinner, the raising qualities of Dr. Price's Powder swelling it to the requisite thickness. Those who enjoy the appetizing qualities of the delicious home made pie will rejoice to know this secret.

Dr. Price's Cream Baking Powder is the only powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been ques-
