

THE SAN FRANCISCO EXAMINER: SUNDAY, JUNE 11, 1922. "THE EXAMINER" CAR VISITS REGION OF MOUNT TAMALPAIS

NEW HIGHWAY ON SHOULDERS OF TAMALPAIS

Construction of one of the most famous roads in the world is being pushed forward with a rapid pace. The road is being built on the shoulders of Mount Tamalpais, and it is being built on a scale that is unprecedented in the history of highway building.

SAN FRANCISCO'S NEW PAVED CLIFF HOUSE DRIVE. NEW HIGHWAY REPLACES OLD CLIFF DRIVE.

After eight months of practically continuous work and at a cost of more than \$1,000,000 San Francisco has completed the paving of the Cliff House drive, a very fine highway, extending from Point Loma Avenue to the base of Sycamore Heights and to the top of Sycamore Heights, and across the mountains of the Cliff House and connecting a highway with the city.

Investment in Motor Car Brings Big Fun Return

"There is nothing like a good car to give you the most fun and pleasure in the world," said Mr. E. C. Morse, sales chief of the Willits-St. Claire Motor Car Company.

We Actually Do This Twice a Day—All This Week. The proof of Lee Puncture-proof Tires is this demonstration that they positively do not puncture.

It is called "the torture test." Every day this week, beginning Monday, at 10 A. M. and 4 P. M. sharp, Lee dealers in this city, and from coast to coast, will stage this demonstration—actually run a loaded car, equipped with Lee Puncture-proof Pneumatics over the up-turned points of sharp nails driven through heavy planks.

LEE Tires are sold by: SAN FRANCISCO: MARY & KEVILLE, 102 Post St. A. B. CARROLL, 1414 Bush St. OAKLAND: Central Oakland Tire Co., 1220 Webster St. FRESNO: Lee Tire Co., 1214 N. Broadway. Other cities listed include Berkeley, Alameda, and San Jose.
