SCHOOLBOYS TO BE SAVED.

"The Call's" Crusade Against the Evil Inaugurated.

SMOKERS WILL BE DISGRACED.

Active Work of Reformation Commenced by the Board of Education Yesterday.

The whole School Department of San Francisco yesterday took up an active and relentless fight against cigarette-smoking among pupils of the public schools.

According to information followed by THE CALL some months ago the evil habit during recent years had developed to an alarming extent. A large proportion of the boys were found to be victims of the deadly article, undermining their health and threatening the ruin, outside of the moral considerations.

When the attention of the Board of Education was called to the matter the immediate action which resulted more than bore out what had been asserted.

FAC-SIMILE OF THE DIPLOMA.

A special committee was appointed to take charge of the matter, and after the adoption of the following resolution the action of the subject it was decided on to commence an active crusade.

Resolved, That it is the sense of this Board that the use of cigarettes, or tobacco in any other form, for one year.

Yesterday everything was in shape to carry out the resolution. Secretary Webb of the Board of Education Dunleavy, assistant secretaries Wolfe and Ackerle, Bookkeeper Letcher and Messenger Tale were all kept busy sending our circulars with instructions to the principals of the various schools of San Francisco. Accompanying the circulars were copies of the diplomas to be given the boys.

The circulars and diplomas made up quite a formidable pile, and when the mail carriers arrived at the various schools the teachers will start in their work of rooting out the evil.

Those boys who are confirmed in the habit will be given a chance to reform, and every moral issue will be brought to bear on the boy who is a victim. He will be subjected to such influences that if a spark of pride remains he will give up the habit.

In a short talk to the public schools a boy to be with-out his pledge and diploma was the following: "I, ——, promise to comply with the letter of secret. His fellowschoolmates will be compelled to avoid him.

The schoolboys of San Francisco are now on their honor, and those who get Diplomas will be active agents in checking the evil habit among others.

Among the blue-ribbon seal for distribution in the public schools yesterday was the following:

PHYSICAL EFFECTS.

1. Dryness of the mouth and throat, with thirst, the drying effect of the smoke extends to the throat, and the mucous glands are in an inflamed condition. Hence the person who smokes takes more according to extent of smoking. 2. Nausea and vomiting, which are more frequent in persons producing smoke for the first time. 3. Sore mouth and throat, which may become chronic and develop into cancer of the mouth or throat. 4. Indigestion.

EFFECTS ON APPETITE AND DIGESTION.

1. Loss of appetite and digestion, producing disordered liver and worse bodily ills. 2. Muscular tremors, especially of the hands. 3. Paralysis of the optic nerve, producing dimness, indistinctness and obscuration of vision, followed, sometimes, by structural changes, resulting in blindness. 4. Paralysis of the auditory nerve, producing deafness.

INTELLECTUAL EFFECTS.

1. A sedative action, with transient exhilaration and capacity for mental effort. 2. Impaired and hesitant mental development.

MORAL EFFECTS.

1. Unfitness for business, consequent on the accumulation and exposure of minor excuses. 2. Craving for stimulants, frequently resulting in association with vagabond associates to outwardly supplied.

DIVORCE GRANTED

In Favor of Mrs. de la Montanya.

HEARD WITH CLOSED DOORS

Evidence of Infidelity, Cruelty and Abduction.

HUSBAND MAKES NO DEFENSE.

Custody of the Children Granted to the Wife—They Are Supposed to Be in France.

The suits brought by Mrs. Lorraine W. de la Montanya against her husband, James, for divorce and for custody of the two minor children, was decided by Judge Slack yesterday, in opposition being made by the husband.

The whole story of the troubles that arose between the ill-matched pair has been told over and over again in the columns of THE CALL. James de la Montanya appears to be the first to have treated his wife and children with cruelty, giving way to violent passions at times, and to be morose and generally making this go unpleasant. And Mrs. de la Montanya has entertained yesterday by testimony it would seem that James of that ilk bore the reverse of a moral reputation.

In November last James de la Montanya, with whom his little daughter Lorraine was living, caused the boy James Francis to be abducted, and the two children are now supposed to be residing somewhere in France. Mrs. de la Montanya then took legal steps appointing Guardian Spencer of San Jose, father of Mrs. de la Montanya, guardian of both of the children, but their recovery looks at present a very remote possibility.

The parties were before Judge Slack yesterday accompanied by their witnesses and attorneys, R. D. Hoffer, Carroll Cook and ex-Judge Spencer. The defendant made no appearance in the case, although a day in court was had. Default had previously been entered against him in both cases.

It was followed by consent that the testimony was of such a nature that in the interests of the children the case before Judge Slack granted the request rather unwillingly, stating that he did not believe in such a system. However, the doors were closed and the public excluded.

Mrs. de la Montanya then decided to prove the charges, that James de la Montanya had been repeatedly unfaithful to his wife; that he had been cruel to her and to the children; and that it was he who, in the words of the latter Joseph, carried off her boy James Frances de la Montanya from the custody of his mother to Novato on the

Testimony as to De la Montanya's profligacy was then given by Louis A. Sage of Oakland, Charles Harris Terry and Mrs. Mary Bell, the latter sworn and by the Workmen of Sacramento.

Thyrsus Spencer, the nurse employed by Mrs. de la Montanya in San Jose in the days of the honeymoon, told the story of the abduction of the boy James Francis de la Montanya to take the child to Santa Cruz, to go for a drive. She said the child was a Montanya, but did not believe he was insane. When in the railway station at Santa Cruz the child, who knew his father, was pushed for her, and the child on board a train bound for San Francisco. Mrs. de la Montanya was then left behind.

Dr. D. Rosenthal, house at Taylor street for one night and afterward to Haywards for a week. From there they went to Sacramento, where the nurse was left with the child, and Mother Joseph Go to Marysville with the child again.

Miss Kroll of Hayward said that the party stayed at her house for one week. It was represented to her that the mother was insane, and that the child was not safe.

Ex-Judge Spencer, father of Mrs. de la Montanya, gave evidence relating to the custody of his son-in-law. He had observed their acts from time to time, both in San Jose and in San Francisco, and also in San Jose. On one occasion he saw de la Montanya treated his daughter in a shocking manner because she could not swallow a large quantity of soup he had given her.

Mrs. Lorraine de la Montanya, testifying on behalf of herself and her children, and Judge Slack made an order instantly granting Mrs. de la Montanya a divorce from the bonds of matrimony, and awarding her the child again.

FIVE-CENT FARES.

Everybody Wants Them to the Cliff House.

Mass-Meetings to Be Held in Their Favor and a Vigorous Warfare to Be Waged.

The question of a 5-cent fare to the Cliff House is now the topic of the day, and a mass-meeting will be held in front of the Sutro Baths, at the corner of Ninth avenue and Point Lobos avenue, at 8 o'clock this evening, to take action in favor of these two initiatory efforts the gentlemen who are urging the matter are confident a series of meetings will grow, which will result in a vigorous warfare against the street railway company, which will compel that corporation to make the concession asked for by the people.

A circular is in favor of hourly measures to attain the desired end. It points out the benefits to the Southern Pacific Company and to the people generally.

"The pioneers have been slaves to this corporation long enough. It is time they did something for themselves. Now, I'm not a young man, but I'm willing to go into the fight, and I think I can speak for a number of others who will be with me to the end of the fighting. It is time now to carry this thing right into politics. Let us have a candidate for Supervisor from each district who will pledge himself to the movement and be elected or else."

What's the use of our using the franchises, the streets and an abuse of this kind? Of course we have to pay for the privilege, but I don't begrudge that, nor will the people. The parties for offices who will be connected in this movement will be elected, and I have noticed in the various cities where the 5-cent fare question is the most important to be of all our candidates for office. Let us now in the Legislature and for aggressive work.

"It will hardly be possible to secure a franchise for a 5-cent fare, but we can get a 10-cent fare with a ticket all those franchises must be put up at auction and sold to the highest bidder. Then we can have a fair chance to get the best franchise for the people and not have it come under corporation. But if the city should not be willing to grant us our own fare they will be compelled to do so."

Mr. Sutro yesterday caused a number of circulars to be distributed against the street railway company, which will compel that corporation to make the concession asked for by the people.

"Twenty-five cents added to the fare of the Southern Pacific Company of Kentucky comes to farmers." It is said that a number of the farmers who have been in the habit of coming to the city in Monday will be encouraged to come on Sunday, when the fare will be 5 cents.

Mason-Street Synagogue Changes Hands.

Native Sons Secure the Valuable Property for the Proposed Hall and Headquarters.

The Native Sons have at last secured a place of the early sons which their proposed headquarters—a imposing structure—is to stand for the next generation. The deal was closed yesterday, but of a particular note, and they feel that a new impetus for membership and more will be infused into their body.

The sum chosen for a hall measures 68:9 feet in front and 137:6 feet in depth. Upon it stands the structure known as the Synagogue Oheleb Shalom on Mason street, between Post and Geary. The sum of $15,000 was paid to the congregation yesterday, which was the last payment on $42,500, the purchase price. By this transaction the hall association has title properly free from any encumbrances. The deed was executed yesterday, and upon the terms of the Mason place subscribed for by the native members of this city, a few months ago, the property will be used in the interior and an architectural arrangement is that Fraternity.

The building is a large one, and the Native Sons feature will be the auditorium, which will occupy the two lower floors. The interest of the building is designed for temporary use by the Grand secretary and for the meetings of the library maintained by the city parties.

The members of the native Sons have been incorporated for the purpose of holding conventions in the city, and upon the terms of the building is designed for temporary use by the Grand secretary and for the meetings of the library maintained by the city parties.

The members of the native Sons have been incorporated for the purpose of holding conventions in the city, and upon the terms of the building is designed for temporary use by the Grand secretary and for the meetings of the library maintained by the city parties.

The association is incorporated under the laws of California, as the stock is held by individual members, although the sale is subject to the approval of the Board of Directors. James D. Phelan is president, and the trustees are Joseph Brandenstein, Isaac Jacobs, Jacob Jacobs, Isaac Wormser, Jacob Wormser, Jacob Jacobs, Isaac Wormser, Jacob Jacobs, Isaac Wormser, Jacob Jacobs, Isaac
