SACRAMENTO'S PLAN APPROVED.

What a Retired Boston Merchant Has to Say of It.

J. V. Spaulding Declares That Sacramento is in the Right Path, and Success Awaits Her.

J. V. Spaulding, a prominent citizen and retired merchant of Boston, has for a day or two been visiting in Sacramento. For twenty years Mr. Spaulding was the head of the firm of Spaulding, Hay & Wales, one of the leading wholesale and retail dry goods firms in the United States. He is visiting the coast chiefly for his health and recreation, although he has interests in the southern part of the State which required looking after.

Mr. Spaulding had made some observations in regard to the methods of the Sacramento Improvement Association, having seen references to its work in the RECORD-UNION, and he was yesterday seen by a representative of this paper. In reply to questions, the experienced merchant made some very pertinent responses as to the projected plans of the association to get factories here.

Nothing to Be Desired

Every Flavor made by Dr. Price has the peculiar taste characteristic of the fruit from which it is obtained, and imparts to cakes, puddings, sauces or creams such a delicious and grateful flavor that their use really leaves nothing to be desired. We have yet to see the housewife who has used Dr. Price's Delicious Flavoring Extracts of Lemon, Orange, Nectarine or Vanilla, who was not delighted with them. THE PURITY OF DR. PRICE'S FLAVORS is endorsed by the leading chemists and heads of the great universities of this continent.

A Natural Food.

Conditions of the system arise when ordinary foods cease to build flesh—there is urgent need of arresting waste—assistance must come quickly, from *natural food* source.

Scott's Emulsion

is a condensation of the life of all foods—it is cod-liver oil reinforced, made easy of digestion, and *almost as palatable as milk.*
