tenry, on Dangerous Maid, Steals Victory From Headwater in the Last Couple of Strides.

Kenilworth showed his superiority to Yellow Tail yesterday in the first half-mile in the match race at Tanforan Park. Both jockeys doubtless had instructions to go to the front, so the speclators were not kept in suspense long. A heart-breaking pace was set from the ruleing of the barrier, for a furlong the horses being together; then Kenilworth gradually asserted his superiority. The first half-mile was run in the very fast time of 0:46%, although the majority of trainers made it 0:47. O'Connor shook up Yellow Tail for a final effort, but he sould not respond. Kenilworth won all out by a little over half a length, but it was a clear-cut and decisive victory and camps the winner as a wonderful youngster. Both horses were very tired after such a fast half-mile and it took several seconds more to negotiate the last quarter than either the first or middle quarter, consequently the time of 1:14 was not as fast as generally ex-

Yellow Tail's glory was effectually yesterday. With thirteen the better of the weight and floted by O'Connor there can be no exsuse advanced for his defeat. He was practically beaten at his own game of printing. Many turfmen held to the aninion that Stover had erred in matching Kenliworth under such disacvan-tageous conditions, but his judgment was proved to be correct. Kenniworth is a California bred youngster, being by the imported Australian stallion Sir Modred, who has given to the turf such famous sprinters as Dr. Hasbrouck, Fendoran and Briar Sweet. Although Kenliworth had six straight victories to his credit Yellow Tail was installed favorite, while 1f to 10 was offered against the chances of Kenilworth.
Altogether, the card at Tanforan
showed a refreshing improvement, and

there were several interesting events, quite in contrast with the racing the first of the week. Wardman captured the initial event, after disposing of Mamie Hildreth at the head of the stretch.

Twelve shifty youngsters faced the barrier in the two-year-old race at four furiongs. Zirl was made favorite, although Flora Pomena would have enjoyed that distinction if the trainer of that filly had retained a more competent pilot. J. V. Kirby upset calculations, however, by winning by a length from Ogle in 0:48%. Irma A. came with a great rush at the end and it looked as if she had nosed out Ogle for the place.

The talent fell hard on the six-furlong dash. Sly and Headwater were both backed very heavily, but Dangerous Maid fluked out a victory, thanks to Henry's cunning and aided by Turner's.

Supreme overconfidence. Headwater supreme overconfidence. Headwater and Bly had a fierce struggle through the stretch, but the latter drew clear a sixteenth of a mile from the judges' stand. Turner labored under the delusion that he had the race won and stopped persevering on Headwater. Henry came up with Dangerous Maid on the rail and caught Turner napping, winning out by a scant head. Danger-ous Maid was 8 to 1 in the betting.

a Riot.

DENVER, March 29.—At the end of a ten-round contast before the Colorado Athletic Association here to-night between Dave Barry of Toronto and Kid McPartiand of New York, Referee Floto, who is also manager of the club, awarded the decision to McPartland. He immediately left the ring amid the jeers of the entire audience, and followed by Pat Darly, manager for Barry. When they reached the office of the club Early struck Floto soveral times in the face, and was proceeding to pound him when bystanders separated them. Articulate easily beat the fair field opposed to him in the five and a half furlong dash, running the five and a half furlongs in the fast time of 1:06%, separated them.

The police cleared the house and prevented what threatened for a time to become a riot. The fight was even up to the fifth round, when Barry began pounding McPartland's heart with his right. He blocked nearly all the Kid's leads and landed his right in return invariably. An old wound over Dave's right eye was opened in the eight round, and bled profusely until the finish. McPartland was weak in the ninth from Dave's persistent punching over the heart, and Barry seemed to be the stronger at the end. which was the best race of the day from a time point of view. Astor ran away from his field in the last race. Impromptu was an easy

From the start the fight was vicious and bloody. In the thirteenth round West showed his weakness, and from then to the end Hart hammered him to the canvas time and again, knocking him down almost at will. West hung on, however, till it was no longer possible to stand, and was counted out by Referee Tim Hurst. Hart weighed 165 and West 158.

The California League will open the season with the old rules of 1900 pending the arrival from the East of the complete code of the rules for 1901 as changed by the National League. When they are received the league directors will meet and revise the rules and adopt such as are deemed the best for the game. Some of the new rules will be accepted and some will not. Joseph Stapleton, who has occupied the position of official scorer of the California League for the last twelve years, will be succeeded this year by Herbert S. McFarlane,

Holland, a new man of the San Fran-

ciscos, has played during the last few years in the Western and Southern eagues. Last season he was with Denver and played left field most of the time, though he was used as an emergency infielder at third and first He is a husky built fellow and weighs about 180 pounds in condition. His strong forte is his left-hand hitting and he is expected to be one of the heaviest batsmen in the league. His fielding is also above the work of the rdinary player.

Of the Eastern men imported by the

Los Angeles team Householder is one of the most prominent. He played center last season for the Rochester team in the Bastern league and is credited with being a fast fielder and a fine hitter, as he ranked twelfth in the Eastern league. Charles F. His last National league tional league. His last National league engagement was playing third a few seasons ago. Last year he captained the Denver team. It is said of him that he is a very aggressive player and that he is up to every point of the game. steers of Sacramento under McCloskey's management. In 1891 and 1892 he caught for the San Franciscos and then went to the Southern league, but for some seasons he has caught for the Milwaukee team of the American League.

Of the pitchers, Johnson pitched for Lincoln in the Western League in 1895 and 1896. In 1898 he was with the Philadelphia team, in 1899 he was with the Pueblo team. Not much is known of Hale, who pitched in the Canadian League last year, but those who have seen him work say that he is the equal of any pitcher in the California League.

Jones' first professional season was with the Montana League last year, where his work was of the highest order. He is considered a good hitter and the fastest man in the league on bases.

Stricklett, the new pitcher signed by the Sacramentos, played last season with Kansas City, and if his record speaks for anything he will surely be a top-notcher in this league. In addition to his pitching ability, he is a fine all-around player. His batting and fielding is unusually good for a pitcher. The loss of Truck Eagan is a sore one to the Sacramentos. The Tables Turned on Santa Clara When They Seemed to Have the Game Cinched.

STANFORD UNIVERSITY, March 29. —The varsity baseball nine defeated the Santa Clara College team on the campus this afternoon by the score of 8 to 7.

FOUNDATION SINKS UNDER HEAVY GUNS.

March 29. — The costly concrete foundations of big ten-inch battery at Forts St. Philip and Jackson, which cover the approaches to the city, have given way and all the work will have to be done over again before the guns can be used. It is asserted that the engineers made a mistake in calculating the solidity of the earth at these points. Piking thirty feet long was first tried for one of the foundations and found deficient. Then piling twice as long was used and the concrete work completed and the guns mounted. The foundations, thus secured, have settled so unequally that all the concrete work has cracked and broken and the guns have been thrown completely out of gear.

the ninth when two errors on the part of Santa Clara and a scratch hit by Traeger brought in two runs.

Misner's playing at second was distinctly off color. Bennett did the twirling for Stanford. Aside from forcing in a run with a base on balls he pitched a steady game. Traeger, who is holding his place on the team on the strength of the rumor that he can hit gave an extremely poor account of himself until the last inning when an error made his punch good. He has been shifted over to the right garden, Symonds going to center and Cowden coming back to the infield at first.

Little Keefe, the Santa Clara twirler, pitched a good game, sending six Stanford men to the bench without connecting with the sphere.

The first intercollegiate game will be played at Berkeley next Saturday, April 6th, the second on the Stanford campus on the 13th, and if a third game is necessary to decide the series, it will be played two weeks later in San Francisco.

Championship Baseball Games The championship of the Central Sub-league of the Academic Athletic basebal tournament will be practically decided in a game this afternoon at Freeman's Park, a game this afternoon at Freeman's Park, Oakland, between the teams of the Oakland High School and the Berkeley High School. The two teams are evenly matched and the contest will be a hot one from start to finish. There is much feeling between the two schools and it is likely to bring about an old-time rush between the rooters of the respective schools.

Neither school has lost a single game in their series and both are playing good Neither school has lost a single game in their series and both are playing good ball. This was shown by the fact that the University of California team beat the Berkeley High School team by the score of 8 to 3. They met again and the Berkeley High School team had scored 8 runs to 1 for the varsity team when the game was called on account of rain.

SOME REMARKABLE INDIVIDUAL WORK.

TWO HUNDRED TWENTY YARD RUNS.

The Mile Walk Also Brings Zschokke to the Front as a Very Speedy Meel-and-Toe Performer.

STANFORD UNIVERSITY, March 29.—The freshmen won the interclass field day on the university oval this morning, taking 42 points to 37 by the sophomores, 28 by the seniors and 12 by the juniors. Little MacCaughern, the speedy sprinter who took the 100-yard dash from Drum in the intercollegiate meet last year, broke a tendon in his leg and may be kept out of the games with

The best performer in the meet today was Freshman Lamb, who took both the 100 and the 220 yard run in pretty style. His time in the latter event was twenty-three seconds flat, while running easily. Smith's work in the quarter was a revelation. He has not been training steadily and had not worked out a fast quarter before the field day this morning. He covered his quarter in 53 1-5 seconds, which is better time than was made in the inter-collegiate last year. The prettiest finish of the day was in the mile run, in which Chadbourne and Sprague came up the stretch together in a sprinting finish, both striking the tape together, making a dead heat. Ellenwood was less than two yards behind. The time for the mile was very slow, 5:08, as was also the

time in the half, 2:13.

Zschokke's performance in the mile walk, 7:21, shows that Captain Walsh of California will have to put forward his two best feet to beat the big German. This record beats the time made in the intercollegiate meet last year by eight seconds. Zschokke was not hurried at any time along the route, there being no one within a hundred yards of him at the finish. He should clip at least ten seconds off this time with pacing in competition. Captain Walsh of Cali-fornia was present at the field day and saw Zschokke walk, commenting upon

LONDON, March S.-A good crowd gathered at the Queen's Club here this afternoon to witness the thirty-eighth interuniversity track sports. The weather was bright and frosty. Oxford won by a score of 6 to 4 events. Head winds and heavy track militated against good per-ermances. With the exception of the mile and three miles runs none of the results reached varsity form. Considering the conditions, however, with two exceptions, the men ran in great form, and the American cracks are likely to find Cockshott and Workman strong competitors. Rev. Joseph H. Gray, the treasurer of the Cambridge University Athletic Club, said to a representative of the press "To-day cannot be considered a criterio for our men. Hinde, for instance, is probably the fastest man in England, yet he took 10 \$-5 seconds to cover the 100 yards. If we go to the United States, as we hope If we go to the United States, as we hope to do, the Americans may expect an improvement on the showing made to-day, I have written to Harvard and Yale asking to have the sports held in September instead of July." Workman's win in the three-mile run was his third successive victory. He also beat his own record and received quite an ovation. Following are the summaries:

One-hundred-yard dash—A. E. Hinde, Cambridge, first; J. Churchill, Cambridge, second. Time, 10 3-5 seconds.

High jump—G. H. Smith, Cambridge, second. Time, 10 3-5 seconds.

UNDECIDED JUDGESHIP IN SAN BERNARDINO.

Two Candidates Have the Same Vote and Another Continues to Wear the Ermine.

SAN BERNARDINO, March M.-There to the probable outcome of the judiciary contest which has been in progress in Sai Hernardino county since the State elec-tion last November, when C. C. Bennett tion last November, when C. C. Bennett and B. F. Bledsoe, Republican and Democratic nominees respectively, received the same number of votes. Superior Judge John C. Campbell, who has been on the bench for twelve years, continues to wear the ermine, and he has presented a numerously signed petition to Governor Gage asking to be reappointed until the next election two years hence. The situation has all along been a most complicated one. Some attorneys insist that inaxmuch as there was no election no vacancy exists, while others hold to the contrary.

cancy exists, while others hold to the contrary.

Bledsoe filed a petition with the Attorney-General over three months ago asking permission to commence quo warranto proceedings, hoping thereby to obtain a recount of all the votes cast. The matter was held up pending a decision by the Supreme Court in the case of Hicks vs. Stewart, in Santa Barbara county. This was a parallel case. Both were candidates for the office of Sheriff and the election resulted in a tie vote. By the decision of the higher tribunal, rendered a few days since, there must be a recount, and as a result the county Democracy is enthusiastic, because they feel confident their candidate will win out.

BURNED TO DEATH AS HE LAY ASLEEP

A Laboring Man is the Victim of an Accident at a Hotel in

STOCKTON, March 29.-A man, STOCKTON, March 29.—A man, evidently a laborer, giving the name of Croffitt, was burned to death last night in his room in the Garibaidi House, a small hotel at the corner of Center and Lafayette streets in this city.

When smoke was seen issuing from his room this morning the door was burst in and the room was found to be abase. The fire was extinguished with a few buckets of water, and Croffitt was found dead upon his bed, fully dressed. There were two bods in the room, but as the one opposite him was burned more than the one on which he lay it is believed that after he lay down he accidentally jarred the candle off the small table between the beds, causing it to fall upon and set fire to the other.

other. Though the deceased was severely burned, it was evident that death was due to sufficiation. The Coroner has taken charge of the remains.

FRESNO, March M.—There are rumors nere of a beer war by reason of the entry nere of a beer war by reason of the entry into the valley of the product of the Fresno Brewing Company. The war will be egged on by the brewery syndicates in San, Francisco and Los Angeles whose receipts in the valley have been sensibly diminished by the local product. It is freely rumored that \$800,000 has been offered and refused for the new brewery here. Russians and British Clash.

VICTORIA (B. C.), March 29.—Shanghai papers tell of friction which has arisen between the Russians and British in North China over the recent cruise after pirates in the Gulf of Pe-chi-li by the British cruiser Plover. The Russians claim that the pirates were taken from Russian territory, which claim the British refute.

Fatally Stabbed by a Sailor. EUREKA, March 20.—Arthur Smith, a longsboreman, was seriously, and perhaps fatelily stabbell by Nels Anderberg, a stataring man, and might. The trubble decurred in the tenderioin district, and was caused by Smith's antipathy to Scandinavians. Smith was the aggressor and attacked Anderberg four times before the latter defended himself. The wound was indicted with a small pocket-knife, and is three inches in length. Smith has had an unsavory reputation in this city for many years, and last fall was ordered to leave town, which he did, but returned shortly afterward. Anderberg was arrested and released on bonds fixed at \$550.
