ROSS, widow of Robert C. Ross, who was shot and killed by the Skelton boys at Stevenson several months ago because of his alleged betrayal of Annie Skelton, has been awarded a verdict of \$18,000 against the Western Union Telegraph Company because of the company's alleged failure to deliver to Ross a message warning him that the Skelton boys were after him. Judge Boardman set aside the verdict as excessive. Mrs. Ross sent the telegram from Scottsboro to Stevenson, whither Ross had gone by private conveyance to take the train. The Skelton boys overtook him at Stevenson and shot him to death.

IT GOES IN FLORIDA. The Requisition for Flaglor Is Recognized There.

CHICAGO, Dec. 25.—A special to the Record from Tampa, Fla., says: If Henry V. Flaglor, director of the Standard Oil Company, sets foot in Florida again this winter he will be arrested and taken to Texas by officers of this State acting under direction of Governor Hogg. In reply to the question "Will you honor the requisition of Governor Hogg for the person of Flaglor?" Governor Mitchell said to-night: "Yes, I have already done so. I received notice by wire yesterday from my private secretary in Tallahassee that requisition papers, properly made out and duly signed, had been received from Governor Hogg of Texas for H. V. Flaglor. My secretary asked for instructions. I wired him at once that I knew of no differences between individuals in matters of this kind and that if the papers were strictly regular he knew what to do. "I have no doubt that Mr. Flaglor will resist the requisition from Texas in the courts, and, if he does, it will be decided whether or not he has been guilty of the crime for which he must appear before the bar of justice in Texas. Of course, he is in a sense a fugitive from justice in the Texas courts, and this requisition would not be issued. I have honored it and have done my whole duty and that is all there is to it."

WAS BRIGHT FOR ALL. How Christmas Was Celebrated at the White House.

EMPLOYEES RECEIVED NICE PRESENTS FROM THE PRESIDENT AND MRS. CLEVELAND.

WASHINGTON, Dec. 25.—The President and members of the cabinet celebrated Christmas in the old-fashioned way, making it essentially a family affair. At the White House a Christmas tree was set in the library, the first the Cleveland children have called their own. Mrs. Cleveland herself added the finishing touches to the tree, which, while not of great proportions, was beautifully trimmed and decorated with tiny parceled electric lanterns in place of the old-time wax candles. Until noon express wagons and messengers came laden to the White House. As usual, the President remembered all the employees of the house. Every one got a fat turkey, and his personal servants the President gave substantial gifts of money. Mrs. Cleveland also had a pretty little present for each of her employees. She herself received many Christmas presents, the President's tokens being very beautiful. The only guest at the White House was Mrs. Cleveland's mother, Mrs. Perrine, and dinner was strictly limited to the family. Preceding it, however, there was a pretty little luncheon set out for the children of the Cabinet, who came to the White House to see the Christmas tree.

HE FORCES HIS WIFE TO DRINK AMMONIA. A DRUNKEN HUSBAND.

WASHINGTON, Dec. 25.—George Roth, a carpenter who has been drinking very heavily for the last few weeks, to-night tried to murder his wife by forcing her to drink a bottle of ammonia. He stood over her with a razor and declared that he would cut her throat if she refused. Restoratives were applied and after two hours she was believed to be out of danger.
