

## PEARSON'S CAFE.

## Grand Opening of a Tasty Restaurant.

As Los Angeles approaches a metropolis many new and creditable business enterprises are established. The latest in this line is the sampling house of Mr. R. C. Pearson, which was last evening, thrown open to the public. The cafe is indeed a credit to the city, and will be recognized as one of our leading and most popular resorts. The resort, which is situated in the Downey block, at the junction of Temple, Main and Spring streets, was last night filled with a large number of our leading citizens, who greatly admired the palatial resort and its beautiful equipments. The cafe is 25 feet wide by 50 feet deep. The bar is of solid mahogany and walnut, and is very substantial and ornamental. Behind the bar is an elegant sideboard made of mahogany and set with three costly beveled mirrors, of the finest French plate. The mirrors are of oval shape on either side, while the middle is circular. These beautiful fixtures are from the house of The Brunswick Bank Company of San Francisco. The gas fixtures are very unique and consist of handsomely polished brass which support the lamps, which is a very admirable and appropriate. The sideboard is trimmed on either side by two very costly oil paintings, which must be seen to be appreciated. The decoration of the cafe was placed in the hands of our well-known decorator, J. H. Harris, whose workmanlike and artistic taste is well known, and the design and color added much to the attractiveness of this cozy resort. Off from the sojourn room is a commodious reading room, which has also been very nicely furnished. Mr. Pearson has paid special attention to the selection of his liquors, and the people can rest assured that they will be served with the best blended goods. Mr. Pearson aims to make the cafe a gentleman's resort, and will cater to the wishes of the public in every respect. His glassware is of the finest quality, equal to that of Stock of New York. His attendants are all tried and experienced men, and the cafe proprietor boasts that there is not a new beverage or drink which he will not be able to serve. The lunch last evening was very sumptuous, and was heartily enjoyed by all who visited the opening of this palatial resort. Mr. Pearson formerly ran the Cliff house in San Francisco. He is a well known pioneer of the State, and his many friends do not begrudge him the prosperity which he will undoubtedly meet with in his new undertaking.

## NOT GUILTY.

## What the Jury Said in Beardslee Case.

The greater part of the day in Judge Cheney's court yesterday was taken in the trial of David Beardslee, charged with having assaulted one Chester, a nurse in the County Hospital, with a deadly weapon.

The evidence developed the following facts: Beardslee was an inmate in the hospital during the month of December, 1887, and at the time of the trouble was a special nurse. He applied to Dr. Schultz for whisky for his patient, and the doctor, thinking that he himself was drinking it, refused the request, whereupon words ensued and Beardslee was ordered from the room.

He drew a knife and refused to go, whereupon the doctor, being a special policeman, went to his office, secured his star, and a nurse proceeded to arrest him. Beardslee then, as the doctor claims, struck at Chester, then turned and ran.

Late in the afternoon the jury returned a verdict of not guilty and the defendant was discharged.

The defendant was so full of gratitude that he insisted on shaking hands with each of the jurors.

## Never Before.

Editors HERALD:—Having lived in this country for the last twenty-four years, I have no hesitancy in saying that this is the coldest winter that I have experienced during that length of time, especially near the coast. Verily, our local prophets, so far, have failed to assign a cause for this phenomenon. In the absence of a better theory, perhaps it is just as well to ascribe it to the overwhelming influx of transcontinental immigration. It is a well known fact that the Easterners, with their superior ingenuity, are great equalizers. With their great truck lines, they come pouring in trade and traffic. With their women and wealth, they equalize society and happiness, all this and much more with which they were laden when they penetrated our shores. Who knows but they carefully stowed away and little thinking that a few blizzards and cyclones for the purpose of equalizing our most genial climate with the frozen zone.

This is truly an eventful New Year for this section of the seacoast. We can mark with pleasure the incident of a new herd being seen hereabouts with his flock wading in clover to his knees and watching his lambskins sport. We are to have a city with at least two railroads and a harbor. The new townsite of Los Alamitos is now upon the market and is being laid out, fronting the ocean from Long Beach to the Los Alamitos harbor, where its magnificent artesian water system will soon be extended. New roadways are now being graded up the table near the city, and a new beach. The Southern Pacific Railroad Company has graded on Second street through Long Beach to the Alamitos line. The A. & T. has surveyed and will commence grading at the east end of this line in a few days. The officials of this latter company have been taking soundings of the bay to their great satisfaction. They find several miles of navigable water inside the bar ranging from six to sixteen feet in depth at low tide, with ample width and on easy formation for dredging. A long steamer and lighter, with material, are expected to arrive soon, when work will at once be commenced. An early completion will be impossible, owing to the magnitude of the enterprise. Those well informed have no doubt as to the feasibility of this company making the bay one of the finest inland harbors along this coast. There are no logical reasons why this can not be made the equal if not a superior harbor to San Pedro, possessing as it has some great natural advantages, one of which is the discharge of the new San Gabriel river into the bay a half a mile from its outlet. The easy formation for dredging the depth of water in close proximity to the bar, and the immense volume of water that ebbs and flows through this channel

when confined, will insure the entrance of large sized vessels. It should be remembered the Anaheim colony did their lightering business through this channel in the beginning; in fact they have never lost their first love. They talk of coming back to the same place with a railroad. Mr. Campbell, late of Ballona, will sail his little fleet into the Pacific waters of the Alamitos in a few days. Our civil engineer, Captain Healy, is busily engaged on the pending construction. Altogether we have nothing but a bright future before us. Long Beach and Alamitos evidently will be blended as one destined to become a city by the sea where the pleasure seeker can reach the extreme height of seaside enjoyment.

JOHN McGARVIN.  
Los Alamitos, Jan. 16.

## Criminal Notes.

The case against John Doe Levy, for battery, was yesterday dismissed and the defendant discharged.

George Evingston and Willie Evingston were arrested on suspicion yesterday afternoon on Main street by Officer Auble.

The Congress lodging house was burglarized yesterday, the thief succeeding in getting away with two overcoats, one black trimmed with fur and the other light gray. Suspicion rests on a tall, slim, dark complexioned young man.

Jas. O'Donnell, Geo. Chase, John Franklin, Richard Taylor, John Jones and Wm. Drew were yesterday examined on a charge of vagrancy. John Jones and Wm. Drew were released. Chase and Franklin got three days each and O'Donnell and Taylor five days each.

Nipin Colon and John Durkin were arrested on Mission Road yesterday by Officers McKenzie and Lynch and taken to the police station, where they were booked for robbery. These men are alleged to have stolen \$28 from Mrs. Demouette on Centre street. When searched at the station new white handkerchief, a pair of opera glasses and a gold pin were found in their possession.

The examination of David Tittle, for obtaining goods under false pretenses, was set for Friday, January 27, at 9 a. m., with bail fixed at the sum of \$100. It seems that Tittle obtained some blankets from Mr. Joe Epstein, who keeps a store on East First street, and gave him a check on the First National Bank for \$91; also a note to the purport that when the check was presented the money would be there to meet it. In course of time the check was presented and dishonored, as Tittle only had \$2 in the bank.

## Fair Ingewood.

Los Angeles county contains almost countless sites for towns which are far superior to anything in other counties, but a visit to Ingewood will convince everyone that no better soil could be made for a permanent home. It lies in a position which cannot be excelled for healthfulness or climate and beautiful surroundings. Those who have not visited Ingewood should take the first opportunity of doing so. Messrs. Childs & Silent, in the Opera House block, on Main street are the agents.

## Turkey, Persia, Egypt.

Iskender Bey, formerly attaché of the Imperial Palace of the Sultan, in Constantinople, has just arrived in Los Angeles with a very rare collection of Oriental rugs, portieres, hangings, embroideries, antique arms, etc., which will be on exhibition on Tuesday and Wednesday next at 151 1/2 South Spring street, and will be sold at auction on Thursday and Friday, January 26th and 27th.

## The Alhambra Hotel.

is now open for the reception of guests. The hotel is located at Alhambra, seven miles from Los Angeles, on the S. P. R. R. Parties wishing to engage board and rooms for the winter can do so by addressing the manager, S. F. Porriro.

## Arrowhead Hot Springs.

No fog or frost; best accommodations. Mud, mineral and vapor baths. Forenoon train to San Bernardino; stage to springs. Physician, P. O. and telephone. Address "Manager."

G. J. Griffith will postpone the sale of the 1500 acre tract in his Los Feliz Rancho, situated near the one and one-fourth mile north of the northwest corner of the city limits, until early in February, when he expects to have surveys and grading of streets finished. Ample notice will be given in these columns.
