the  
heart,  
the

of  
life.

She is the one who understands the heart, the soul, the secret of life. She is the one who understands the heart, the soul, the secret of life. She is the one who understands the heart, the soul, the secret of life. She is the one who understands the heart, the soul, the secret of life.

## THE SCHOONER THAT FOUND A COFFIN.

It was about 10 o'clock on the night of May 10th that the schooner "The" was in the harbor of San Francisco. The crew was in the cabin, and the vessel was at anchor. At that moment, a strange light was seen in the water. The crew went to the deck, and there they found a coffin.

## "Mrs. Pinkham Saved me from an Operation."

### Operations Avoided. Earnest Words of Gratitude.

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, it is of course frightful to her. The very thought of the operating table and the knife strikes terror to her heart.

"Dear Mrs. Pinkham—Your Vegetable Compound has completely cured me of the worst form of womb trouble that I had. I had been suffering for years, and I had been told that I must have an operation. But after taking your Compound, I was cured in a few weeks. I can now lead a normal life, and I am very grateful to you for your medicine."

It is quite true that these troubles may reach a stage where an operation is the only recourse, but such cases are much rarer than is generally supposed, because a great many women have been cured by Mrs. Pinkham's medicine after the doctors had said the operation must be performed.

"Another operation avoided." "Dear Mrs. Pinkham—I feel very grateful to you for your Compound. I had been suffering from ovarian trouble for years, and I had been told that I must have an operation. But after taking your Compound, I was cured in a few weeks. I can now lead a normal life, and I am very grateful to you for your medicine."

**Lydia E. Pinkham's Vegetable Compound.**  
**\$5000 REWARD**  
Offered to the person who can show that this medicine is not a vegetable compound.

"Dear Mrs. Pinkham—I wish to thank you for your Compound. I had been suffering from ovarian trouble for years, and I had been told that I must have an operation. But after taking your Compound, I was cured in a few weeks. I can now lead a normal life, and I am very grateful to you for your medicine."
