Morg an called attention to the resolution in troduced longs to the United States. He controverted the position of Senaby White concerning this coun try's attitude toward Hawaii, and prop osed the following amendment thereto:

"That the Republic of Hawaii, established in, and based upon, its present constitution, is a rightful gover.ument and has been and still is recognized as such by the United States of America and by other great powers without a ny question by any nation of its righti ul land it was still cooler, and on the moun and sovereign independence and said constitution is the true and recognized authority that fixes the measure and the distribution of the rights and powers of government in that Republic, while said constitution remains in force.

"That in conformity with the existing" constitution of Republic of Hawaii and so long as the same is in force the powers of government reside in and are to be exercised by the incumbents of the departments, tribunals and offices created by said constitution and filled in pursuance of law, and the lawful electors under said constitution who qualify as legiance prescribed therein, are entitled to share in the government of Hawaii according to the rights secured to them in said constitution and to the extent and in the manner therein provided, as

long as the same is in force. "And said government of the republic of Hawaii having, in due form, signified its consent in the manner provided in its constitution, that the Hawaiian Islands, with all the territory appurtenant thereto, over which said government now claims to exercise sovereign jurisdiction, shall be annexed to and become part of the territory of the United ates of America, and shall be subject to the national power and sovereign jurisdiction thereof, it is hereby enacted and declared, that said concession is accepted, ratified and confirmed and that said Hawaiian Islands are annexed us a part of the territory of the United States of America and are subject to the sovereign dominion thereof.'

A communication was received by the Senate from the Secretary of War, stating the urgent necessity for immediate action to control the disorderly ele-ments that are assembling in Adaska.

Mr. Chandler of New Hampshire presented a memorial which called the attention of the Senate to one of the most thrilling events of the Civil War. The memorial was prepared in 1874 by the Jate Admiral Worden, who, as a lieutenant in the Navy, commanded the Monitor in the historic fight in Hampton Roads between that vessel and the Merrimac. Mr. Chandler said that Admiral son of California, to be special examine Worden conceived the idea that it would be proper for the government of the United States to pay the officers and be a rear admiral, and some minor army crew of the Monitor the sum of \$200 each appointments. in the nature of prize money, but after

having prepared the memorial, concluded not to present it to Congress lest his motives might be misconstrued. Mr. Chandler said he now took occasion to present the memorial himself and he hoped Congress might see its way clear in view of the wonderful victory achieved by Lieutenant Worden, to do something substantial for the surviving members of his family, who are not in good financial circumstances. He asked that the memorial be referred to the Naval Affairs Committee.

Mr. Hale of Maine paid a high tribute to Admiral Worden.

Mr. Davis of Minnesota, chairman of the Committee on Foreign Kelations, moved that the resolution of Mr. White and the amendment thereto, proposed by Mr. Morgan, be referred to the For-eign' Relations Committee, and, after a colloquy between Mr. White and brief colloquy between Mr. White and Mr. Morgan, the resolution and amend-United States Attorney McMechan, giv-

They speak volumes for the good work that is being

accomplished by means of Electricity rightly applied in cases of wasting, lingering and chronic weakness, decline, kidney troubles, rheumatism, varicocele, backache and loss of vigor.

"I have had rheumatism for twenty-five years, and at times it nearly killed me. Patent medicines to no end I tried, with very little relief. Last spring I bought one of your Belts, and after wearing it a short time I was entirely cured of my trouble. Feeling a sincere sympathy for all who are like afflicted, I cordially recommend it as a sure cure for this trouble. JOHN HERKNER. "Sanger, Cal."

Dr. Sanden's Electric Belt

Has made a record for curing these troubles that is unequaled by any other known remedy. Its reputation is won and it is known the world over for its wonderful cures.

"About a year ago, when I first began to use one of your Belts, I was troubled with inflammation of the womb and ovaries, caused by an abscess in the left ovary. I had tried the doctors, but their medicines only relieved me for a short time, and finally it got so bad that they desired me to undergo an operation, and I knew that if I did not submit I would be an invalid all the rest of my life. As a last resort I tried your Belt, and found immediate relief. I continued to wear it and in two months it made a total cure. I will always be glad to speak a word of praise, for I am sincerely grateful to you. MRS. ELLA STEELE, "551 Wall St., Los Angeles."
